MILSET ESI 2025 aims to gather the most exceptional Young STEAM Projects from across the globe.

Showcase your organisation's excellence at ESI 2025 by selecting the best projects

Participating at MILSET ESI is a member's right!

SELECTION CRITERIA

Select the most impressive STEM projects from your National events ensuring their quality related to:

1. Innovation
2. Impact
3. Quality
4. Diversity
5. Collaboration
6. Sustainability

Engineering, Computer Science, Robotics Applications

Biological and Health Sciences

Environment and Ecosystems

Social and Behavioural Sciences

Pure & Applied Sciences

- 5 Projects' categories
- 13 to 25 years old
- 50+ countries
- 1000+ participants
- 500 projects

EUROPEAN SCIENCE DAYS FOR YOUTH

Create a community around organisations with common interests

Organise activities on a given topic, spread it to the whole Europe

How to be part of ESDY?

- Find a group of youngsters
- Organise an event about the year's topic
- Share photos and videos to ESDY's website and Facebook page

EUROPEAN SCIENCE DAYS FOR YOUTH 2024

- Topic: “Air”
- Dates: 11-15 March 2024
- At least 11 countries & 571 participants
- <https://esdy2024.milset.org>

EUROPEAN SCIENCE DAYS FOR YOUTH 2025

- Topic: “Temperature”
- Dates: 10-14 March 2025
- Email: esdy@milset.org
- Site: <https://esdy2025.milset.org>

We need you to join the team!

INTERNATIONAL SCIENCE SUMMER CAMP (ISSC)

ISSC brings together a group of young people for a week to learn and discover science around a topic. This also allows the participants to learn about different cultures and ideas and doing science linking theory with a practical approach

Details

- Organisers: natec, experimenta, MILSET Europe
- Where: Heilbronn, Germany
- Topic: “Sustainability & Education for Sustainable Development”
- Dates: 20 - 25 July 2025
- Site: <https://issc2025.milset.org>

YOUNG CITIZENS CONFERENCES (YCC)

MILSET YCC is dedicated to the views and concerns of youth regarding the social impact of science and technology on the modern world, gathering their voices from every part of the globe and encouraging them to actively enter the discussion.

The programme is organised during MILSET International and Regional Expo-Sciences, and it is also available for any organisation or institution that wants to organise it in their state, country, or region.

Goals

Create a space where youth can express their views on the topic. Engage youth in discussion and debate concerning their future.

- Enable youth to discover their responsibilities.
- Encourage youth to express their concerns through participation in an open global discussion.
- <https://ycc.milset.org>

MILSET STEAM PHOTO CONTEST (SPC)

MILSET STEAM PHOTO CONTEST

The **MILSET STEAM Photo Contest (SPC)** aims at creating a leeway for youth to creatively express what they observe within science, in photos. The contest is open for amateur photographers from all over the world from 13 to 25 years old.

Goals

- Engages youth around the world.
- Communicates STEAM concepts through arts.
- Celebrate the beauty of science and nature.

INTERNATIONAL COMPETITION

SCIENTIFIC TOY

History

ESI 1991, Prague – idea

1992 September, Bratislava, SCHOLA LUDUS – ENERGY interactive exhibition at the Slovak National Museum – SCHOLA LUDUS – VEDECKÁ HRAČKA competition announced until 31.8.1993 (for Czechoslovakia)

1993 September, Bratislava – evaluation of the 1st year of the competition and announcement of the 2nd year of the competition in Slovak Republik

1994 July, Germany and Denmark, trip to hands on science centres – realization of the 1st year prizes

1994 December, Trenčín – evaluation of the 2nd year + establishment of the civil association Scientific Toy + announcement of the 3rd year of the competition

ESI 1995, Kuwait – presentation of the previous scientific toys and announcement of the international competition Scientific Toy

Definition

Scientific toy is any good and quality toy by which you can demonstrate or get to know one of the phenomenon or principles of nature.

*prof. Carlos Neto (PT),

32. VEDECKÁ HRAČKA SCIENTIFIC TOY

INTERNATIONAL COMPETITION UNDER THE AUSPICES OF MILSET-EUROPE

Competition goal:

Design of functional and aesthetically pleasing toy (not brain teaser), by which you can demonstrate or get to know one of the phenomenon or principles of nature.

Conditions of competition:

- 1) By 31. 12. 2024 deliver application to address of competition organizer in written or electronic form, in an appropriate form (prototype, model, sketch, drawing, photo, video).
- 2) Prizes:
 1. valued at € 300
 2. valued at € 200
 3. valued at € 100
- 3) A written or electronic application to the competition in Slovak or English must include details (sample application form at www.vedeckahracka.sk):
 - a) The creator or applicant: name, year of birth of the creator, address (telephone, e-mail)
 - b. Scientific toy: name, related natural law or phenomenon, instructions for use, description.
- 4) Organizer:
 - a) does not cover the expenses;
 - b) after evaluation will return application to sender if the sender wishes so;
 - c) could connect the application evaluation of several following annual competitions.
- 5) Received applications will be displayed on 15. 2. 2025 www.vedeckahracka.sk.
- 6) Final order of winning competitors will be known on 31. 3. 2025 by calculating all votes from applicants and international professional jury.
- 7) The results of evaluation will be received by every applicants.

MILSET Strategic Planning

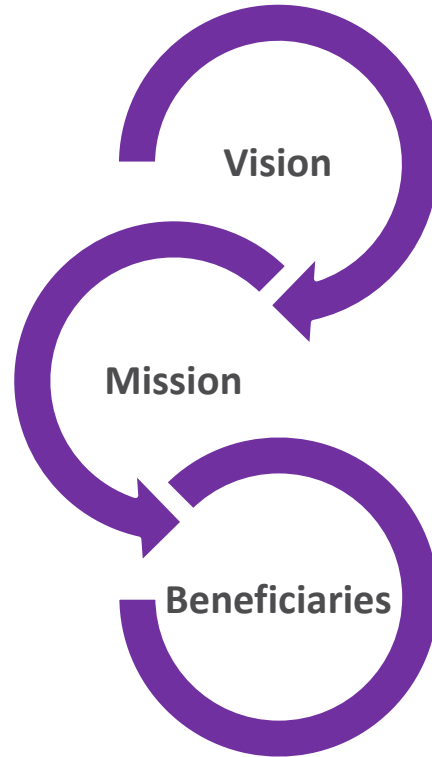

2024-2029

Approach

Initial statement

MILSET supports its member organisations to engage youth in STEAM through motivation, cooperation, and networking.

Inspiring youth through STEAM activities

1. MILSETs primary beneficiaries are its **members – affiliated youth STEAM organisations** – and those working with their youth, including teachers.
2. **Youth** are MILSET’s secondary beneficiaries

Goals

1. **Promoting** the **role** of **youth STEAM** (Science, Technology, Engineering, Arts, and Mathematics) and **MILSET** in global and sustainable **development, prosperity, and peace**.
2. **Establishing** a global **online community** of regional offices, members, and youth STEAM leaders to support collaboration, knowledge sharing, and networking.
3. **Deliver excellent** global and regional **programs** and **events**.
4. **Growing** MILSET's **membership** by actively recruiting national youth STEAM organisations from unrepresented countries, streamlining the membership process, and supporting new members.
5. **Achieving** long-term **financial stability** through sustainable funding strategies and ensuring the systematic renewal and succession of governance leadership.
6. **Providing expertise** and training that are valued by our members and recognised internationally, including relevant resources, capacity-building opportunities, and professional development programme.

Implementation

2024 global priorities

1. Promoting the role of youth STEAM and MILSET

- N/A

2. Establishing a global online community

- Work with regional offices and members to identify specific communication, collaboration, and resource sharing needs and audiences

3. Deliver excellent programs and events.

- Deliver standards-based events and programs, including ESI, Leaders Congress, STEAM Photo Contest and Young Citizens Conferences
- Support the delivery of regional programmes

4. Growing MILSET's membership

- Identify unrepresented countries and potential member organisations in collaboration with regional offices
- Present clear and compelling membership benefits

5. Achieving long-term financial stability

- Establish sufficient long-term reserve fund to support MILSET global office operations for 12 months
- Establish a regular succession of MILSET leadership with recruitment, based on skill requirements, engagement, as well as representation of youth and regions

6. Providing expertise and training

- Improve MILSET's online visibility and search engine optimization (SEO)

Voting process

Let's make a test

Voting process

- Voters
 - 32 members
 - Out of which: 23 in order with fees
 - Attending: On site: 12, Online: 7 → Total 19 > Quorum = OK
 - (25 associate organisations are not granted a vote)

- Let's vote!
